# Showhome Brochure

## ABOUT OUR COMPANY

Founded in 1984 by managing director Donald Macleod and his wife Ann, DM Design has grown over the years from a true family start up with the first base of business being the family garage, to the present day state of the art manufacturing facility in Cumbernauld where kitchens, bedrooms and bathrooms are now custom built to order.

With an extensive range of kitchens, bedrooms and bathrooms available in a wide choice of styles, designs and colour combinations on offer the choice is endless.

## WHAT MAKES US UNIQUE?

With our long history and years of experience DM Design can be relied upon to supply top quality products and a streamlined service.

Each cabinet is bespoke and individually built and assembled in our factory. We do not mass produce our cabinets and we do not deliver anything as a flat pack. By assembling each cabinet in our custom built factory we can ensure a quality build.

We take care of the full process: We design, plan, manufacture, deliver and install your order.

This means the process is as easy as it can be for you. The hardest part is choosing from our wide range!

*Save on the Cost*

## HOW DOES IT WORK?

1

### APPLY TO TURN YOUR KITCHEN/BEDROOM/BATHROOM INTO A SHOWHOME

We are always looking for homes to showcase our new ranges. Apply now to see if you qualify and receive **exclusive discounts!**

2

### BEFORE PHOTOGRAPHS

The first stage, if you agree to the promotion, is for your designer or surveyor to take photographs of your room. This will just be a few snaps on a digital camera or phone. These will be shared with head office.

3

### PROMOTIONAL BOARDS

By agreeing to become a showhome, you agree that during the installation we may place a promotional board (similar to an agency board) in-front of your property.

4

### AFTER PHOTOGRAPHS

After the installation, you agree that we can take completion photographs to use in promotional activities. These will initially be taken by the installation team. We may then contact you to arrange for a professional photographer to come out and take photographs for our magazine at a time that suits you. This may not always be the case and is at the company's discretion.

5

### TESTIMONIALS

The final stage of the process is for you to provide us with a written online testimonial of your experience. We will contact you upon completion of the work to arrange this with you. Some of our clients may receive an additional discount for a video testimonial. If this is something you would be willing to do please let your designer and our follow up team know.

“

*Have been on the market for quite a while trying to get my perfect kitchen, from the second DM design turned up, I knew I would end up going with this company. So professional and their product range and knowledge was certainly the best I have seen, Kitchen now in and looking great, thanks*

“  
After visiting quite a few kitchen companies...Decided to go with DM Design after initial visit from their designer who put us at ease and Provided a great design and took all views on board and worked the design around them. Kitchen arrived on time. Fitted and looks awesome!! Can't thank DM enough  
Quality Kitchens

“  
 From start to finish.. a great experience.  
 I only went to DM Design because  
 of Zak and it's ultimately because of  
 him that I will be recommending DM  
 Design to everyone I know. The product  
 is great.. very happy with the kitchen  
 and the way the guys fitted it. Zak was  
 patient and thorough with what we  
 wanted and delivered what we wanted.  
 Super service from DM. Thank you Zak,  
 thank you DM and thanks to all involved  
 in fitting a great kitchen.

★ Trustpilot

“ Our kitchen has been recently installed by the DM design team and would definitely recommend. Communication is good and the joiners Allan and Craig were great! Already recommended to friends and family. No issue has been unresolved thanks to there installations manager and team all you have to do is call them. All we are waiting on now is our up-stands to be fitted as had to wait for that to be cut as it's granite. Thanks guys 10/10!

“ I honestly have to say...we are really happy with the kitchen fitments and the workmanship that has been carried out. From the plumber, electrician and the plasterer and to the fitters - Peter and Laslo - have all done a fantastic job and they worked non stop when here and are a credit to DM Design!

“  
Happy with the kitchen and bathroom  
they put in for us. A few issues but all  
were dealt with. Really happy with their  
aftercare.”

“

*I am so glad we chose DM Design for our bathroom!! Our old bathroom was tired, dated, and needed to be completely overhauled. Our new DM Design bathroom done just that and brought our bathroom up to a very high modern standard! From our own design, to stripping our old bathroom out back to the bare brick, right down to the small finishing touches of our new bathroom, our Joiner Colin was fantastic and the quality of the fittings and facings used is incredible! we would use this company again!*

“

DM Design fitted our new bathroom suite and we have to say that everything went to plan, the materials were available on time, the fitters completed the work in the allocated time and the end product is absolutely brilliant, we are delighted with it and would not hesitate in giving DM design's name to friends and family, they have done a great job right the way through the whole process, can't fault them at all. Would recommend to others.

Sarah

Bedroom

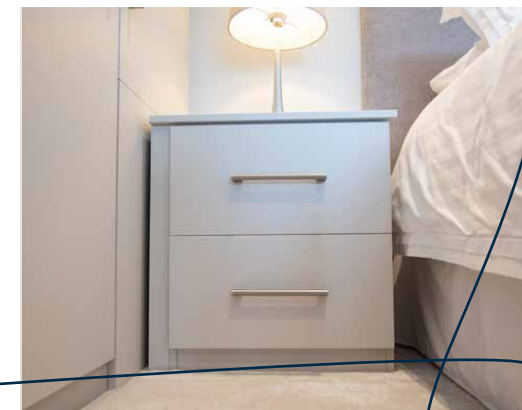

★ Trustpilot

“  
New bedroom furniture installed by DM Design, no issues whatsoever with the service. The office, sales and installation team went above and beyond literally from the first phone call to arrange a design consultation, right the way through to the furniture being fitted. The team were excellent it has to be said and would recommend to others, they even have my hubby now talking about a kitchen renovation, which we would contact DM Design for again.

## THE PROCESS

HOW THE FULL PROCESS WORKS ...

1

### DESIGN

During this first stage, you will look at samples, and discuss your needs and wants with your designer, who will measure your room and give you all the info on the products and company you need.

Your designer will get to know you, in order to provide the best possible design to suit your tastes and lifestyle.

If you decide to go ahead, we move on to stage two...

2

### SURVEY

So you are happy with the design, the price, and have placed an order. Thank You!

But what next?

You will get our full technical survey service as standard. We will make an appointment for a surveyor to come and see you. They will confirm all the sizes and measurements, and the technical aspects our installers will need to know to complete the job (Such as the type of walls, technical plumbing information, electricity supply....). This is a great chance for you to ask any further questions you may have about your order.

3

### CAD DRAWING

In the case of a kitchen installation, the same surveyor will supply you with a "C.A.D" drawing (a computer aided design) of how the room will look once the installation is complete

4

### DELIVERY & INSTALLATION

Your installation will start at the same time our installers deliver your goods.

Your involvement in the Showhome promotion only involves the time required to take some pictures, but it can provide you with some great savings!

*Savings direct to You!*

## WE ARE LOOKING FOR SHOWHOMES IN YOUR AREA

DM Design are always looking for more showhomes to use to illustrate our stunning designs.

We are on the search for more Kitchen, Bedroom and Bathroom showhomes, so if you are looking to transform any of these rooms, contact DM Design today.

You can simply apply to become a showhome by contacting us and we can arrange the rest. No matter the room size and space available, we have the creative solutions to provide the room you desire.
